

Action Required for Students

Register for Multi-Factor Authentication

Goodwin University will be enforcing Multi-Factor Authentication for students with aggregated rollovers starting **May 15, 2024**. Be ahead of the curve and register for Multi-Factor Authentication (MFA) now to enable this feature.

[Register](#)

You can complete the sign-up process using your existing credentials, username and password to log in to your account.

Next steps

After you register, you will be able to add a safe and secure secondary authentication method for your online credentials from a range of authentication options, such as phone call, message or mobile app notification to access your applications.
