

Associate Degree in Business Administration

Tailor your business degree to meet your career goals.

You can take classes on campus, online or in a hybrid format. For greater flexibility, you can take accelerated, week classes or standard, week classes on a non-traditional pace.

Through your coursework, you will become proficient in business law and ethics, corporate social responsibility, business planning and development, effective leadership, and the fundamentals of accounting, budgeting, and marketing principles. These are all essential skills for businesses. You will also become skilled in learning how to analyze and solve problems faced by managers in corporations, small businesses and knowledge you've learned in your courses. You will benefit from a hands-on internship experience in a real business environment. Upon completion of the program, you will be prepared for excellent career opportunities in the field or for transition into your bachelor's degree program.
