

INTRODUCTION STATEMENT

The Board of Trustees of Goodwin University believes that students acquire university-level learning in many settings that learning the University provides several avenues for students to earn university level credit outside of the typical classroom experience. Only when the other experiential credit options are not suitable the University may create and offer an internally standardized credit by exam (CBE). All internally created CBE's must be developed by faculty and be approved by the Academic Affairs Committee before being offered to students. The creation and offering of these exams must conform to professional standards and follow University-wide policy.

POLICY STATEMENT

Students may earn collegiate credit for standardized exams administered by the University (CBE). Students must receive a minimum grade of 73% on the exam to be awarded university credit. Students may only attempt to earn credit on a CBE once. There is an assessment fee for the exam; however, no charge is assessed for the credits awarded. Awards will appear on the student's transcript as experiential credit EC and are subject to the limits applicable to all experiential credits.
